2005 Alpine Coach Limited

AMERICA'S PREMIUM MOTOR COACH

Western Recreational Vehicles, Inc.

ALPINE COACH MAKES LIFE EASIER...

- **1**. Sharp® AQUOS Liquid Crystal Television (LC-TV) and high-definition (HDTV) satellite receiver is an available premium entertainment option.
- 2. Audio / Video components are neatly positioned, centrally located and simple to operate.
- 3. Power Management Controls The Accu-Guage® tank monitor readout pad, power inverter control and optional Hydro Hot™ system control are conveniently located and out of sight when not it use.
- 4. Carefree® Powervisors® are standard, offering push-button control for more convenient sunglare protection and driving comfort.
- **5**. A no cost option, the Karadon® Solid Surface Dinette Table with single leg and wall mount provides a comfortable area for entertaining. Shown with optional Folding Dinette Chairs.
- 6. Model 40 FDTS Kenmore® Stacked Washer / Dryer with Item Shelf and Vintage Cherry Cabinetry options.

QUALITY & COMFORT: IT'S A TRADITION!

Like the strong foundation of our family owned business, Western Recreational Vehicles, Inc. has been building some of the toughest, most reliable Motor Coaches, Fifth-Wheels, Travel Trailers and Truck Campers for over three decades. We understand that tradition is the key to creating premium quality recreational vehicles year after year. We take pride in using state-of-the-art design and technology to build the luxurious Alpine Coach. Along with high quality and comfort, other top priorities include: safety, attention to detail, premium features and customer satisfaction.

Our Western RV family believes trust and experience go a long way. Our more than 33-year commitment to quality, comfort and reliability is a family tradition. So no matter where your journey takes you, trust our family to be there for your family.

The retractable fueling compartment is designed to eliminate the impact of accidental overfills and provide security for your fuel system. Also built into this handy area is a serviceable 7.5 kw Onan* Quiet Diesel generator.

MODEL 38 FDTS • Woodlands Premium Exterior.

Western Recreational Vehicles, Inc. is proud to introduce the new generation of Motor Coaches, the 2005 Alpine Coach - America's Premium Recreational Vehicle. We're passing on our tradition of first-class quality, comfort and convenience in every Alpine Coach.

MODEL 40 FDQS • Brandywine Interior with Tuscan Maple Cabinetry, Solid Surface Dinette Table, Flexsteel® Euro Chair with Ottoman, Flexsteel® Ultra-Leather EZ Bed, Front Area Polished

Easy reading white background and backlit Actia® Smart Gauges monitor many driving functions and will display diagnostic codes and messages to aid in service and maintenance. Also shown with standard Smart Wheel®.

Pull-out dash drawer with cup holders and coach body function switches for an uncluttered cockpit.

Ceramic Tile and Sharp® AQUOS LC-TV with HDTV Satellite Receiver options.

A valuable feature for 2005 is the push button electronically operated recessed stepwell cover. Electric activation eliminates freeze-ups common to air activated covers. When the step isn't needed, it's out of sight. (Front door models only)

FIRST-CLASS COMFORT

Even before you sit behind the wheel of an Alpine Coach, it's easy to see the first-class comfort and style. With each year Western Recreational Vehicles, Inc. surpasses even our own high expectations of excellence. We take pride in building America's premium recreational vehicles.

When you travel in a 2005 Alpine Coach, it's like taking all the luxuries and comforts of home along. The Coach offers a variety of first-class features, including spacious rooms, oversized windows, generous headroom, handcrafted hardwood cabinetry finished with residential hardware and much more. So no matter where your adventures lead, you'll be

So no matter where your adventures lead, you'll be driving in first-class comfort in an Alpine Coach.

With each new Alpine Coach, we take the time to design and build it with care and ingenuity. From the elegant Flexsteel® premium grade furniture to plush Fabrica® residential grade carpeting, the Coach's interior design shows off your own personal fashion and flair.

The Alpine Coach has been named in national publications as the motorhome "that drives like a european sports sedan," is "...one fine driving machine" and "...it looks and feels like it should cost even more..." See for yourself what everyone is talking about and head to your local dealer for a test drive. Take a trip around the block and you'll want to take a trip across the country.

Extra-wide and comfortable
Ultra-Leather Buddy Seat
with Power Footrest,
8-way Power
Adjustment and 3-Point
Color-Keyed Seat Belt option.

The optional 21.5 cu. ft. Amana® Side-By-Side Residential Refrigerator offers increased storage to handle the longest extended trip. Chilled water and ice are always available through the handy in-door dispenser.

and Galley / Bath Area Polished Ceramic Tile options.

MODEL 34 FDDS Sherwood Interior with Natural Cherry Cabinetry option.

GOURMET STYLE

Innovative galley designs have been engineered for the Alpine Coach to maximize storage and usable work area in each floor plan.

Available options, such as the revolutionary GE® Advantium Oven, offer time-saving carefree food preparation. The Advantium Oven bakes, browns, broils, grills and roasts up to 4-times faster than a conventional oven using pre-programmed menu items to accurately time cook your favorite meal. Eye-level over-the-range mounting maximizes storage space normally used for a conventional below-range oven.

High quality fixtures, appliances and tough Karadon® solid surface enhance your gourmet style for even the novice chef.

MODEL 38 FDTS • Platinum Interior with Natural Maple Cabinetry and 21.5 cu. ft. Amana® Residential Refrigerator option.

2005 Alpine Coach Limited

A large Vanity
Make-Up Counter
with Karadon*
Polished Solid
Surface is
standard in all
38 and 40 foot
floor plans.

Residential style solid wood pocket doors partition the bedroom area from the bath area in all floor plans. This new feature provides additional privacy and a more residential feel to the bedroom area that our customers have asked for.

Combination Washer / Dryer options.

An RCA* TV with built-in DVD player is now standard in the bedroom area on all floor plans. Different programs, whether over-the-air, satellite fed or DVD may be enjoyed independently on each television.

COMFORT & LUXURY

The comforts of home don't stop in the living room or galley; our engineers have designed unique bedroom areas with you in mind. You're sure to sleep comfortably in the spacious master suite, equipped with a full 60" x 80" queen-size, or in select floor plans, a full 76" x 80" king-size Discovery by Bodyrest® deluxe pillow-top inner spring mattress designed for standard fitted sheets. The convenient cedar-lined wardrobe, combined with drawers, offer an abundant amount of space for your personal items. You'll always travel and rest comfortably in an Alpine Coach.

MODEL 36 MDDS • Sherwood Interior with Natural Cherry Cabinetry option.

MODEL 40 FDTS • Platinum Interior with Natural Maple Cabinetry.

MODEL 40 FDQS • Sherwood Interior with Vintage Cherry Cabinetry option.

Custom designed, oversized and fully enclosed shower areas are manufactured by Amtech® to Alpine Coach specifications using proprietary molds and residential grade enclosures. Reinforcements are strategically placed during manufacturing to create one of the strongest floors available. This also ensures the highest quality fit, finish and up to date styling that will maintain its good looks for years to come.

Notice how, in select floor plans, the Vanity Area is integrated with the slide-out offering additional floor space and comfort in the bath area.

A high-intensity residential style light bar and large medicine chest with mirrored door compliments each bath area.

Folding Shower Seat option for personal comfort.

Quality satin nickel finish shower hardware and insulated skylight. An optional tub/shower combination is available.

ATTENTION TO THE NECESSITIES

Alpine Coach owners have always appreciated the unique and spacious bath areas specially engineered for each floor plan. Quality fixtures, abundant storage areas and oversized counter areas are a priority.

A true residential feel and attention to detail will enhance your comfort on the road.

MODEL 34 FDDS • Platinum Interior with Tuscan Maple Cabinetry and Folding Shower Seat option.

An additional Vanity Area is found in the 40 FDQS floor plan offering additional privacy and convenience.

Karadon[®] Solid Surface polished and oversized Vanity Top.

Pass through storage bays are spacious and equipped to handle all of your necessities.

Integrated into the rear cap, is a locking access door that allows an easy visual check of coolant, power steering fluid and belts, as well as an easy to reach engine oil fill. All in a neatly designed and finished area.

Solarcool mirrortinted thermal panel windows are standard and increase privacy and insulation.

Alpine's sanitation station is packed with premium features; black tank flush, pressurized hot/cold faucet and showerhead, light, soap dispenser, paper towel holder and connections for 50 amp service, cable TV, city water and telephone.

Optional Glendinning® Power Cable Reel simplifies electrical hook-up and provides fast and reliable coiling for efficient cord storage.

MODEL 38 FDTS • Mood Indigo Premium Exterior with A&E Power Pro® Awning with Wind Sensor option.

Automotive style integrated tail and auxiliary lower backup lights aid in vision and safety. A specially designed spoiler helps to direct air over the rear cap to minimize road grime from adhering to the cap surface.

The optional A&E Power Pro® Fabric Awning with Wind Sensor will automatically retract to reduce the chance of wind damage and can be calibrated to your preference depending on the windspeed at your location. A small handheld remote allows operation without having to enter the coach.

NATURAL BEAUTY

While the Alpine Coach's interior is magnificent, the exterior is just as impressive, both in appearance and durability. The exterior is built to last and endure any type of weather. Alpine Coach offers five Premium Exterior Color Groups in a striking transitional design as a standard feature.

The optional Hydro Hot™ Hydronic Heating System includes the 15K BTU Air Conditioner upgrade without heat pump. Benefits include continuous hot water, better interior temperature control and a preset basement storage area temperature for colder season travel.

Daytime Running Lights, functioning automatically through the headlights, are standard and will increase the visibility of your Alpine Coach to other motorists for an increased margin of safety.

A special bracket is mounted to the roof for antennas and air horns eliminating additional holes and minimizing the chance of water intrusion.

Notice that the bracket is also located back from the front of the coach to minimize wind noise while in transit.

Two-piece "bus style" urethane set windshields seal tighter than rubber gasket applications. Standard forward mounted, chromed, heated and remote controlled mirrors create a larger field of vision for added safety.

PERFORMANCE AND PROTECTION

When it comes to drivability, Alpine Coach will exceed your expectations with its own Peak Custom Chassis. Our philosophy is simple: Build a coach with handling characteristics reminiscent of a European touring sedan. From the oversized Toyo[®] tires that deliver supreme traction and braking, to the powerful standard 8.9 liter ISL Pegasus 400-horsepower Electronic Cummins[®] diesel engine, every detail was examined to make the Alpine Coach the finest and safest Premium Coach in its class.

Please see your dealer or contact Western Recreational Vehicles for copies of recent product reviews of the Alpine Coach and its high performance Peak Custom Chassis.

- **A.** The Huck® bolted frame adds strength and integrity to the Coach. Huck bolts are utilized for their proven superior strength and reliability, as proven in the 100,000 GVW Class 8 truck market and in every Alpine Coach.
- **B.** A Class 4 10,000 lb. capacity hitch with wiring and tow plug is standard for the tow vehicle of your choice.
- C. The Vansco® Power Net Electrical System is fully multiplexed. This state-of-the-art streamlined system allows easier and more accurate troubleshooting
- and helps to alleviate added weight caused by additional wire, relays and fuses.
- **D.** Two Group 31 Interstate® maintenance free chassis starting batteries provide 660 Cold Cranking Amps, and are grouped with 6 powerful Interstate® 6-volt house batteries offering a total 732 amp. hours of service for maximum performance and extended usage. The optional Battery Fill System offers simple push-button water level maintenance of the 6 house batteries through a small electric pump and distilled water reservoir.

C

- **1.** The engine maintenance center allows access to check engine oil, transmission fluid level, service of air filter, fuel filter, auxiliary air coupler and automotive diagnostic link.
- 2. Every electrical connection is well labeled, coded and harnessed. The use of aircraft and automotive connectors make this system virtually fail-safe.
- 3. The Cummins® 8.9 ISL Pegasus 400-horsepower electronic engine is standard in all floor plans, meets newly mandated federal emission standards and provides quieter responsive power.
- 4. The cooling system for the Cummins® diesel engine earned high honors by passing the strict Cummins® Engine Company test #AEB 90.24 cooling, a critical consideration when purchasing a diesel pusher motor coach.

- E. The standard HWH® Fully Automatic 4-point Hydraulic Jack Leveling System provides greater travel than air leveling for a better stabilized Coach on almost any terrain.
- F. Peak Chassis boasts one of the best handling air suspension systems. It includes Neway's® heavy-duty custom tuned "active" air ride suspension, Bilstein® heavy-duty self-adjusting gas shocks, Toyo® high performance all steel radials, IPD 1⁵/8" diameter front anti-sway bar and four ride height control valves to constantly monitor and react to changing road and weight conditions at each wheel. When you combine the above suspension systems with one of the best weight distributed coaches in the industry (40% front and 60% rear) you know you have invested in a great driving machine!
- **G**. Safety and automotive feel were two leading factors when 15 inch ABS disc brakes were engineered into the Peak Chassis. According to the FMVSS 105 Brake Performance Test, Alpine

- Coach exceeded the requirements with "a minimum 24% factor of safety at maximum gross vehicle weight" at the Bosch® Automotive Proving Grounds. It is comforting to know this is the same style of performance braking system used in critical applications for airplanes, Nascar® and Indy race cars.
- H. The side mounted all steel and aluminum radiator is engineered for greater cooling and longevity than others that use common plastic parts. The side mounted muffler system helps to achieve a 10-degree departure angle that won't drag on driveways like rear mounted models.
- I. Teleflex® adjustable throttle and brake pedals are standard, and move with the push of a button to meet your requirements for increased driving comfort and added safety. The automotive inspired hanging pedal design provides the same type of familiar pedal movement you are accustomed to in your own car.
