- Drive in to one of our 350 Service Centers.
- Enjoy the first year free when you enroll in our Owner Advantage Roadside Assistance Program.
- See where it all begins with a tour of one of our facilities in Indiana or Oregon. Call 1-800-650-7337 or 1-800-634-0855 to find out more.

32SKT | NEW VINTAGE OAK | CHAI LATTE

## LIVING IS BETTER IN A SUITE.

The 2007 Alumascape Suite goes beyond a typical fifth wheel. It starts with colorful exterior graphics, aluminum wheels and radial tires. Once inside, you'll find raised panel cabinets, comfortable furnishings, plush fabrics, stylish finishes and sophisticated details. It's a bit of a surprise to find it all in a fifth wheel, especially when you add in available options like an entertainment center complete with 24-inch TV and surround sound speakers or a fireplace — that's right, a fireplace — with a decorative hardwood frame.

But that's not what makes it a Suite. Nor is it the overall reliability. Built on Holiday Rambler's exclusive Alumaframe® Superstructure, the Alumascape Suite is lightweight yet strong. And while you'll enjoy our 24/7 service, that's not it either. It's all the space the Alumascape offers — an unbelievable 116 cubic feet of unobstructed pass-through storage space. It transforms this already impressive fifth wheel into something else entirely — a step above the ordinary. Welcome to the Suite life.

32SKT | NEW VINTAGE OAK | CHAI LATTE

## ALL YOU NEED, RIGHT WHERE YOU NEED IT.

You'll find everything you need in the 2007 Alumascap Suite — all ideally placed. Kitchen appliances are grouped together to create an easy work flow. Raised panel cabinets have convenient toe kicks at the base and are placed right where you need them, including the optional roll-out pantry with three baskets. And we've added storage room above the cabinets with rail trim to keep everything in place. The laminate countertops not only look great with radius Corian® accent edges, but they're durable and easy to clean, too. With the optional

countertop extension, you'll never find yourself short of space. The same attractive and functional countertops are in the bathroom, where you'll also find perfect placement of electrical outlets and a magazine rack that's ingeniously incorporated into the medicine cabinet.

Enjoy the standard booth dinette or add a more residential-style freestanding table with four chairs, along with an optional bay window. The bedroom offers tantalizing options as well, including a king bed and 13" color TV.

## A BEAUTIFUL REFLECTION OF YOU.

Holiday Rambler makes it easy to take your style on the road. We offer a variety of decors — each as lovely as the next with rich fabrics, lustrous woods, eye-catching accents and stunning exterior graphics. So the problem isn't finding a look you like, it's narrowing it down to just one.

GOLDEN SUNSET

### THE HOLIDAY RAMBLER ADVANTAGE COMES STANDARD.

The Advantage Package combines a series of features that ensure you get the most out of your Alumascape Suite.

- 5-Year Structural Warranty
- Z-Frame Construction
- Alumafame® Superstructure
- Alaskan Package (Enclosed and Heated Underbelly, Heated Alcove Storage Area, Insulated Bathroom Floor, 9-Layer Roof and 6-Layer Sidewall)
- Steel Framed Floor
- Recessed Spare Tire Carrier
- 13,500 BTU Air Conditioner with Dehumidifier and Remote Control
- Independent Front Power Landing Jacks
- Hide-A-Bed Sofa

Our sealed bearing tandem axles provide maximum protection with no maintenance.

The triple entry step is mounted directly to the frame for the ultimate in safety and durability.

Stay cool and comfortable with the dependable 13,500 BTU Carrier rooftop air conditioner complete with dehumidifier and remote control. You can upgrade to a 15,000 BTU high-capacity air conditioner or add a second 13,500 BTU unit.

NEW VINTAGE OAK

NEWPORT CHERRY

CHAI LATTE

ALUMASCAPE HARDWARE

Our cabinet hardware features a modern brushed nickel finish which coordinates with the kitchen faucet and lavatory fixtures.

BETTER  
STAIN  
PROTECTION

Manufactured in, not added on. For added protection against stains, soil repellent is applied to virtually all upholstery fabric during the finishing process for superior coverage.\*

\*Brand and application of upholstery fabric protection may vary depending on date recreational vehicle was manufactured.

Drawers and pullouts operate smoothly and stand up to years of wear and tear thanks to metal drawer guides.

Attractive, pleated day/blackout shades provide an extra level of privacy in the living area and bedroom.

An unbelievable 116 cubic feet of pass-through alcove storage means you won't have to make tough decisions about what to bring along. There's room for everything you need.

# ALUMASCAPE® SUITE

The Alumascape Suite features Holiday Rambler's exclusive Alumaframe® Superstructure. Our revolutionary system of aluminum H and C-Channel crossmembers runs the entire length of the unit, with double-welded intersections for added strength. This rigid design is both lighter and sturdier than wood or tubular aluminum frames – and much more reliable than butt-welded or screwed joint designs.

From dirt roads to potholes, you can count on Alumaframe® to handle the relentless stresses of the road and provide superior structural integrity for many years to come.

Alumaframe®

Wood

Aluminum (Butt-Welded)

Alumaframe® (C-Channel)

- 1 6,000 lb. sealed bearing tandem axles with electric brakes (N/A: 36REQ, 36RLQ); 7,000 lb. sealed bearing tandem axles with electric brakes (36REQ, 36RLQ)
- 2 Aluminum roof structure with double I-beam roof rafters 16" on center
- 3 1-1/2" steel-framed sub-floor
- 4 Plenty of room to bring along all your gear in the exterior storage spaces

## 9-LAYER ROOF (top to bottom)

- Peaked roof with BriteTek™ roof material
- Luaun backer
- Thick, tapered bead foam insulation
- Aluminum double I-beam superstructure filled with fiberglass insulation
- Vapor barrier
- Structure foam: thermal insulative barrier
- Vapor barrier
- Luaun backer
- Vinyl ceiling

## STAY COOL ON THE INSIDE

Holiday Ramblers are cooler than other RVs – literally. When put to the test in a thermal chamber, temperatures inside other RVs rose almost 30% more every hour than the Holiday Rambler model.\* The secret lies in our exclusive, multi-layer insulation which blocks heat out, keeping the inside nice and cool.

\* Test performed by an independent testing facility, February, 1999.  
Based on measurements taken every 15 minutes.

## 6-LAYER FLOOR: "WORKS IN THE BASEMENT"

The underside of your fifth wheel features a 6-layer floor and a fully enclosed, heated and protective underbelly. The underbelly encloses the wiring harness and fresh water tanks. It helps protect the fluids from freezing and improves the overall insulation of the coach. The underbelly's outer shell is made of rugged composite material that withstands damage from road debris. By smoothing out the undercarriage, the underbelly provides an unrestricted air flow that results in easier towing and improved gas mileage. In addition, the frame is coated with a rust-inhibiting, electro deposit ion coating.

## SLIDE-OUT

When you purchase a Holiday Rambler, you can be sure the slide-out boxes are some of the strongest and most reliable you'll find anywhere. They feature our exclusive multi-layer construction to give you maximum insulation and to reduce the chance of warping, twisting or shifting. In addition, the linear actuator has a mechanical room lock that is built in, and there are adjustable built-in stops for in and out positions.

- A Bearing packs are bolted in 4 places, locking the gear and rack in place
- B A manual crank and extension rod comes standard with every unit, to serve as override if needed
- C Actuator motor is positioned to provide smoother movement and reduce twisting on the slide-out room
- D Alignment mechanism is separate from the linear actuator movement mechanism

## 6-LAYER EXTERIOR WALL (left to right)

- Smooth .040 aluminum is standard; high-gloss gel coat fiberglass is optional
- Interlocking C-Channel filled with 1-1/2" fiberglass insulation bonded in place so it doesn't sag or leave spaces uninsulated
- Vapor barrier
- Bead foam adds comfort, saves energy and provides a thermal insulative barrier
- Vapor barrier
- Interior paneling

## BODY CONSTRUCTION: FEATURES

- Alumaframe® Superstructure
- Z-Frame Superstructure
- Vinyl Exterior Graphics

\* Weights may vary by options.

\*\* Variances in the fabrication and installation of the tanks may cause the actual "usable capacity" to be greater or less than the capacities designated above.

\*\*\* Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit can differ significantly. Holiday Rambler provides a weight sticker on each unit we produce which includes that unit's tank capacities and approximate weight. Consult your local Holiday Rambler dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design or material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name, which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard equipment on Holiday Rambler models. Holiday Rambler, the HR logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders. While the color of the towable's exterior and the interior fabrics depicted in this sales brochure are fair and reasonable depictions, the colors depicted may not be an exact match of the actual colors because of the variances in photo-processing and variances caused by inserting the photographs within the sales brochure. Due to product improvements, changes during the model year and/or transcription errors that may occur, information represented within this brochure may not be accurate at the time of your purchase. If certain information is significant to your purchasing decision, please confirm the information with your dealer prior to submitting your order. The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated. Component part and appliance manufacturers issue limited warranties covering those portions of the recreational vehicle not covered by the Limited Warranties issued by Monaco Coach Corporation. To learn which specific component parts and appliances are excluded from the Limited Warranties issued by Monaco Coach Corporation, please contact your selling dealership or Monaco Coach Corporation directly, or review the warranty packet inside the recreational vehicle.
