

# 1999 Patriot

by Beaver Motor Coaches

## *Behold the beauty.*

Step inside the 1999 Beaver Patriot. Bask in the luxury and richness of this coach, both inside and out. This value-rich motorhome offers more features than any other in its class. From the comfortable cockpit to the opulent bedroom, the Beaver Patriot prevails them all.

This Patriot is spacious and inviting. Its amazing livability begins right up front with the user-friendly custom dash panel. Drive in comfort with the luxurious feel of UltraLeather™ cab seats. Tame your engine with our new exclusive VMS II™ System which delivers advanced engine diagnostics at the touch of a button.

Exquisitely hand crafted hardwood cabinetry speaks of elegance. Whether choosing walnut, rift-cut medium oak, or rift-cut white washed oak, each lacquered beauty reflects the distinctive Patriot excellence.

Spacious interiors amplify the home-like experience. Step onto the luxurious hand-sculpted carpeting. Feel the smooth FountainHead™ countertops. Walk across the stylish ceramic tile floor. Savor each facet of this ample environment.

Feel the warmth of the interior fabrics. Whether your tastes are contemporary or conservative, we have a color combination for you. Choose from three distinguishing color choices; Lemolo, Koosah, and Sahalie. Each is a unique package of hue and texture.

Experience gourmet cooking in the roomy Patriot kitchen. A Gaggenau® recessed two burner gas cook top and a micro-convection oven will get you cooking. Keep foods cold in an optional 12 cubic foot four door refrigerator with ice maker. Bountiful amounts of counter space and cabinet storage makes this kitchen a chef's delight.

Sleep in comfort in the commodious Patriot bedroom. Choose from a walk around queen size bed or an RV king bed. Watch your favorite movie on a 20" Sony® remote controlled color TV. With an abundant amount of drawer and storage space, any RV enthusiast will appreciate this well appointed bedroom.

Designer residential lighting creates an amiable and appealing environment. Sound absorbing SoftWalls produce peaceful surroundings. Relax in a cozy optional UltraLeather™ recliner while listening to lifelike sounds from your Bose® surround sound home theater and stereo system.

Relax in the tranquillity of a whisper quiet Hurricane™ hydronic heating system that provides radiant warmth and an unlimited amount of hot water. Enjoy the warm sunlight as it gently spills through an insulated skylight in the bathroom. Choose between a circular shower or garden bathtub, both including a glass enclosure.

Maintain the exterior of your Patriot with the on board pressure washer system. Simply plug in a hose and spray away dirt. This system even comes with a handy storage bag made of awning material that can be conveniently stored in the cavernous pass through cargo bay.

Keep cool in the shade of the automatic armless awning which comes standard on the Patriot. This awning is so clever, it retracts itself in high winds. Or for greater freedom, choose the remote controlled option to operate this awning while sitting under its shade.

Whether tackling the hills of Pike's Peak or cruising down the California Coast, the Patriot puts you in command. Built on the patented Magnum® Eight Air Bag chassis and equipped with the Caterpillar® 3126B 330 HP Electronic Diesel Engine, this coach will maneuver any terrain with comfort and ease.

Or for those of you who demand greater power, upgrade to the mighty Patriot Thunder. The Thunder is built on the Magnum "Big Cat C-12" chassis and is equipped with the Caterpillar® 425HP engine. This coach is built for power to handle the toughest cross winds, but also built for comfort and stability.

Beaver's precise manufacturing methods and careful selection of proven components, makes the Patriot well-known in the motor home industry. From the confidence of the Magnum® chassis to the beauty of the hand crafted solid hardwood cabinetry, this coach is built for long-lasting use and enjoyment.
