

 BEAVER 2005 SANTIAM®

ONE COACH AT A TIME.

YOURS.™

 BEAVER 2005 SANTIAM™

The marriage of style and craftsmanship.

Step aboard the Santiam, and you'll be amazed at the many exquisite details that make this coach a home. It all begins with the residential-style woodwork, featuring raised panel hardwood cabinet doors, crown molding and hardwood slide-out fascia trim with a decorative center block. In the dining area you'll enjoy the round hardwood table with two beautifully upholstered chairs

and two handy folding chairs. Other highlights include plush designer carpeting, sleek ceramic tile flooring, decorative hardwood/fabric window treatments and halogen lights mounted under the overhead cabinets. You'll also enjoy customizing your coach with a long list of furniture options, in your choice of rich fabrics or soft, durable Ultraleather™ coverings.

40' PDQ shown in Williamsburg Manor decor with Autumn Cherry cabinetry

40' DST shown in New Leaf decor with Vintage Oak cabinetry

- 1.** In the front of the coach, you'll find the entertainment center, featuring a 24" flatscreen CRT stereo TV, which is wired through the ceiling speakers for superior sound quality. Some exciting options include a home theater system with DVD/VCR player and a fully automatic digital satellite system.
- 2.** This optional Ultraleather™ J-lounge combines roomy comfort with a convenient storage drawer below.

The choice is yours.

Beaver coaches have always been known for giving you more ways to help you create a coach that's distinctively your own. This year, the Santiam is available in four color schemes with stunning fabric combinations. In addition,

you have your choice of a wide selection of innovative double, triple and quad slide-out floorplans, in lengths ranging from 36' to 40', with numerous furniture options to fit your lifestyle. Now, it's all up to you.

BETTER STAIN PROTECTION

Manufactured in, not added on. For added protection against stains, Dupont Teflon® soil repellent is applied to virtually all upholstery fabric during the finishing process for superior coverage.*

*Brand and application of upholstery fabric protection may vary depending on date recreational vehicle was manufactured.

* Towing capacity is limited by GCWR; your vehicle's towing capacity is the difference between the GCWR and the actual vehicle weight, including all water, fuel, passengers and cargo. Your towed vehicle should be equipped with auxiliary brakes if the weight of the towed vehicle exceeds 1,000 lbs. Consult your Owner's Manual for further towing information.

** Actual filled LP capacity is 80% of listing due to safety shut-off required on tank.

Variances in the fabrication and installation of the tanks may

cause the actual "usable capacity" to be greater or less than the capacities designated above.

Due to the large variety of options and floorplan arrangements available to our customers, actual weights for each unit may differ. Beaver Motor Coaches provides a weight sticker on each unit we produce, which includes that unit's tank capacities and approximate weight. Consult your local Beaver Motor Coaches dealer for unit availability and further information. The information printed in this brochure reflects product design, fabrication, and component parts

at the date of printing. The manufacturer reserves the right, at any time, to make changes in product design, material or component specifications as its sole option, without notice. This includes the substitution of components of a different brand or trade name, which will result in comparable performance. All information printed in this brochure is subject to change after the date of printing. Some features shown or mentioned in this brochure are optional and may only be available in selected floorplans. Photographs may show props or decorations that are not standard

equipment on Beaver Motor Coach models. Beaver Motor Coaches, the Beaver logo and its design, are registered trademarks. All other products and company names are trademarks and/or registered trademarks of their respective holders.

The actual overall length of the recreational vehicle may differ from that indicated in the brochure due to variances in the manufacturing process and/or installed components. The actual length may be greater or less than that indicated.
